

Interactive Sound-Picture by Betül Merkan

After having loaded the Program, You see this picture. Klick with the mouse (or finger) at some of the coloured fields/icons of this picture, and You will hear different sounds.

How to install:

- Chose „betuel.zip“ and unfold the content.
- Put the unfolded content (if this doesn't happen automatically) into a folder called “Betuel”.
- Move the folder „Betuel“ to Your desktop (nowhere else).
- This folder contains alle soundfiles, the picture and the program “betuel.exe”
- Click on „betuel.exe“ to start the program.
